AMEY ANIL GHOGARE

Data Analyst | Python Developer | Machine Learning Enthusiast

Amravati, Maharashtra, India | ameyghogare18@gmail.com | github.com/AmeyGhogare | linkedin.com/in/amey-ghogare

PROFESSIONAL SUMMARY

Computer Science graduate passionate about data analytics, Python development, and machine learning. Skilled in transforming raw business data into actionable visual insights and building reliable technology solutions. Hands-on experience with exploratory data analysis, predictive modeling, SQL database querying, and web application development using Django and Flask.

EDUCATION

Bachelor of Engineering in Computer Science & Engineering

Prof. Ram Meghe Institute of Technology & Research, Badnera | S.G.B.A. University, Amravati (2022 – 2026)

PROFESSIONAL EXPERIENCE & TRAINING

Data Analytics & Machine Learning Trainee — Codenera Pvt Ltd

June 2026 – Present

Currently developing practical skills in data preprocessing, exploratory data analysis, machine learning workflows, and model evaluation through hands-on exercises and real-world case studies.

• **Curriculum & Practice:** Python, SQL, Advanced Excel, Power BI, Data Cleaning, EDA, Data Visualization, and Machine Learning.

TECHNICAL SKILLS

Programming:	Python, SQL, JavaScript, C, C++
Data Analytics:	Pandas, NumPy, Advanced Excel, Power BI, Matplotlib, Seaborn, DAX
Machine Learning:	Scikit-learn, Supervised Learning, Classification, Feature Engineering, Model Evaluation
NLP & Deep Learning:	NLTK, Text Preprocessing, NLP Fundamentals, Neural Network Fundamentals
Web Development:	HTML, CSS, Django, Flask, REST API Fundamentals
Database & Tools:	MySQL, Git, GitHub, Jupyter Notebook, VS Code

KEY PROJECTS

FocusGuard AI – Attention Monitoring & Analytics Dashboard

Technologies: Python, OpenCV, MediaPipe, Flask, Pandas, HTML, CSS, JavaScript, Chart.js

Developed a real-time attention-monitoring application using OpenCV and MediaPipe to detect facial landmarks and analyze eye and head-pose signals. Implemented Eye Aspect Ratio (EAR)-based blink detection, head-pose estimation, live webcam streaming, attention-state classification, and session tracking. (github.com/AmeyGhogare/FocusGuard_AI)

OLA Data Analyst Project – Power BI & SQL

Technologies: SQL, Power BI, Excel

Analyzed cab ride-booking data to understand booking status, cancellations, revenue by payment method, customer behavior, and vehicle performance. Used SQL queries and an interactive Power BI dashboard.
(github.com/AmeyGhogare/OLA-Data-Analyst-Project-Power-BI-SQL)

ATM Cash Utilization & Downtime Analysis

Technologies: Python, Pandas, NumPy, MySQL, SQL, Power BI, DAX

Analyzed ATM withdrawal patterns, cash demand, utilization trends, and cash availability risks. Performed data cleaning, EDA, feature engineering, SQL analysis, and dashboard development. (github.com/AmeyGhogare/atm-cash-utilization-analysis)

Customer Churn Prediction

Technologies: Python, Pandas, Scikit-learn, Machine Learning

Machine learning project focused on customer churn prediction and identifying customers at risk of leaving a service.
(github.com/AmeyGhogare/customer-churn-prediction)

CERTIFICATIONS

• **AWS Academy Graduate:** AWS Academy Cloud Foundations | Cloud Architecting
• **NPTEL:** Python for Data Science

- **Google Cloud:** GenAI Study Jams 2024 | AI & ML Courses
- **Cisco:** Introduction to Cybersecurity
